1. On 23 October 1951, several troop trains were observed on the railway line between Magdeburg and Halle. Maneuvers were held throughout the entire area south of Halle. At the rail yards in Dieskau ten T 34 and 20 heavy tanks were unloaded at about 1500 hours. Some heavy guns with muzzle-brakes were also unloaded. [REDACTED]  
[REDACTED] Ten guns had already been unloaded at the time of observation. Train traffic was stopped a number of times on account of the troop movements.\*
2. On 22 October 1951, the second track from the main railway station in Rostock to Bramow was nearly complete. According to railway workmen, the rails come from Schonberg/Mecklenburg.
3. Soil is being moved on the southern part of the former airfield at Marienehe. The workmen employed there do not know the purpose of the work. According to reports received so far, the landing and taxiing runways have not been damaged. There are no reports indicating that the asphalt has been broken up.

\* Comment: The above-mentioned [REDACTED] possibly belong to the 94th Motorized Guard Infantry Division.
